

Speed— Speed—Speed!

Uncle Sam pushed the clock ahead one hour to give more light.

Take advantage of it. You owe it to yourself and your country to make every minute count.

Use your car—passenger or commercial—to the limit.

Samuel P. Colt, president of the United States Rubber Company, helped awaken the country to the economic value of the automobile last fall. He said—

"Everything on wheels must be used and mobilized.

"The automobile is second to the railroads as an adjunct and supplementary to them in collecting and distributing merchandise.

"Owners should use their cars, both passenger and commercial, more and more."

Make the most of your car by using the tires that will extend its usefulness to the utmost.

Use good tires—United States Tires. They last longest and carry you farthest at least cost.

There is a United States Tire for every car or truck—to guarantee uninterrupted service and greatest economy.

Our nearest Sales and Service Depot dealer will tell you which ones will serve you best.

BLUE MOUND NOTES

The farmers have been deceived in their wheat. They thought they would have some good wheat but while cutting it they found that it was not much wheat. The biggest part of the harvest is now over. This will give the farmers a chance to work their row crops while it is small.

Mr. and Mrs. J. W. Ferguson took Mrs. E. J. Collins and children to Forgan the Fourth to take the train for Morrison, where they will visit with her mother this summer and fall.

Mrs. R. W. Massey and son, W. G. Massey, from Hartwell, Ga., are visiting her daughters, Mrs. B. L. Holland and Mrs. C. E. Pruitt, this summer. Mr. Massey reports that the cotton and corn looks good in the eastern states.

B. L. Holland and family celebrated the Fourth by having ice cream in the evening and inviting some of their neighbors in for the evening.

The meeting at Paradise closed last Sunday night. Some of the people that were down there, the young people especially, reported a nice time.

The Red Cross at Gray is busy at their work. They are all the time knitting. Some of the men are knitting. Of course the men can knit as well as the women. Haskell Holland and Jack Sims have already completed their sweaters and are now going to knit some helmets. The men all laughed at these two men when they began to knit but if we don't never try we will never know how to do anything. Haskell Holland reports that he made his in a little over two weeks. He only got to knit after he got up his mail.

Fred Salzman went to Beaver the 3rd on business. He is expecting to have to go to the training camp soon.

Adrian Shuler is expecting a call from the navy department.

The most of the people celebrated the Fourth in the harvest fields. Everyone wanted to take care of what wheat they had.

Mrs. Jessie Grace, from New Mexico, and Mrs. Wheeler Grace, from Laverne, are visiting their mother, Mrs. J. W. Arnot.

For a while we thought we were going to have a new mail carrier. Haskell Holland said some time ago that there was a new man appointed

on this route, but I see he is still carrying the mail. I guess the other fellow didn't come. We hope, at least, the other fellow won't come. We are expecting to have another good term of school this coming year at Blue Mound.

"I used a bottle of Chamberlain's Colic and Diarrhoea Remedy about nine years ago and it cured me of flux (dysentery). I had another attack of the same complaint some three or four years ago and a few doses of this remedy cured me. Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes:

"From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

TAKE

CARDUI

The Woman's Tonic

"I took four bottles,"

Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . ."

"It has now been two years since I took Cardui, and I am still in good health. . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

THE MASTER LECTURER OF CHAUTAUQUA PLATFORM

Headliner Comes to Chautauqua on Evening of the Third Day.

The great master lecturer is the man who pleases the people—the common people, cultured and uncultured—and gives an impetus for good in the direction of his thoughts. His supreme triumph is the capture of his audience and his highest eulogy its favorable verdicts. Measured by this criterion, Mattison Wilber Chase is one of the masters. In the pulpit he is a great preacher, on the stage he might have been a great actor, in the forum a great orator, and on the platform he is a trinity of actor, orator, preacher—the Prince of Popular Lecturers.

He is a man of spotless character, lofty purpose and great natural endowments; magnetic, brilliant, sympathetic and humorous. His lectures are strikingly original, built around some fundamental truth, and gain an added charm from his rich, musical voice and dramatic delivery.

His success has been uninterrupted and his record unparalleled. What is the meaning of such a record? Simply that the people like to hear him and call for him again and again. We need not commend him; the people have given their verdict. From such a record there is no appeal.

BOYS' FIELD MEET

Bronze and Silver Medals to be Given as Prizes

Boys Field Meet which proved a big event in last year's chautauqua, is to be held again this year. To the boys winning bronze medals last year, and winning all four events this year, will be given a beautiful silver medal. Boys winning for the first time, the four events, will be given a bronze medal. Boys of all ages are eligible. Get out and train for the events at once.

The following are the four events:

Running High Jump, Standing High Jump, Chinning, 100-Yard Dash.

All boys who want to win a badge must come and enter the try-outs in chinning, jumping and running. The crewman, who is a real athlete, will meet with you every morning, umpire your ball games, go hiking with you and train you for the field meet. Big field meet last day.

Get out and make a record for our town, boys, for we are all proud of you!
